

Make Your Own Betsy Ross Star

1. Fold an 8½" by 10" piece of paper or fabric in half as shown. Then fold and unfold both ways to make center creases.

2. Fold corner A so that the tip meets the horizontal center line. Crease the fold down flat.

3. Fold back corner A until it is even with the left edge. Crease the fold down flat.

4. Fold corner B over corner A, along the same flattened fold line. Crease the fold down flat.

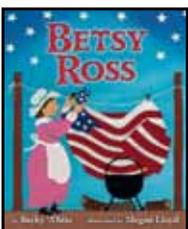

5. Fold corner B back until it is even with the folded right edge. Crease the fold down flat.

6. Cut the paper through at about a 30° angle, making a small cone shape.

7. Unfold the little cone, and enjoy your Betsy Ross five-pointed star!

Betsy Ross
