

Look and See:

A WHAT'S-NOT-THE-SAME GAME

Bill Kontzias

Educators and Parents—

In this interactive book of spot-the-difference puzzles, Bill Kontzias uses eye-catching photographs of toys, trinkets, and more to challenge readers to a game that is both entertaining and educational.

Look and See: A What's-Not-the-Same Game is aligned with the Common Core Math Standards for **Kindergarten** in **counting and cardinality** (K.CC.A.1, K.CC.B.4-5, K.CC.C.6-7), **operations and algebraic thinking** (K.OA.A.1,2,5), and **measurement and data** (K.MD.B.3, K.G.A.1-3) and for **Grade 1** in **operations and algebraic thinking** (1.OA.A.1, 1.OA.C.5-6).

To help your child improve problem-solving skills, print out and tape together the attached poster for your child to compare the images side by side and figure out what items have moved, what's new, and what's missing!

978-0-8234-2860-1 • \$16.95 • Ages 4– 8 • Also available as an E-book.

Common Core State Standards for Mathematics

GRADE KINDERGARTEN

Counting and Cardinality

- Know number names and the count sequence.
- Count to tell the number of objects.
- Compare numbers.

Operations and Algebraic Thinking

- Understand addition as putting together and adding to, and understand subtraction as taking apart and taking from.

Measurement and Data

- Describe and compare measurable attributes.
- Classify objects and count the number of objects in categories.

GRADE ONE

Operations and Algebraic Thinking

- Represent and solve problems involving addition and subtraction.
- Understand and apply properties of operations and the relationship between addition and subtraction.
- Add and subtract within 20.
- Work with addition and subtraction equations.
