

Count the cars you'll take for a drive.
I'll take 1, 2, 3, 4, 5!

978-0-8234-2334-7 • Ages 3-5 • \$15.95

Colorful photographs of rabbits, chicks, cars, fish, dogs, cookies, and other fun objects as well as rhyming text and a fun game help children learn numbers and number value. This book is aligned with the 2010 Common Core Standards for kindergarten math.

Help Me Learn Numbers 0-20
by **Jean Marzollo**
photographs by **Chad Phillips**

Jean Marzollo has written more than 130 books, including those in the award-winning I Spy series, with more than twenty-four million copies sold. She worked on early childhood research projects for General Learning Corp. and was the director of publications for the National Commission on Resources for Youth. She was the editor of *Let's Find Out Magazine*, a periodical published for use in kindergarten classrooms. She has written books for teachers and parents as well as articles for parenting magazines. She lives in New York State.

Chad Phillips is a commercial photographer who has created photographs for larger educational publishers such as McGraw Hill, Scholastic, and Pearson. This is his first book. He lives in Connecticut.
